

FiveSome Policy

The Shannon Lake golf shop may allow fivesomes at certain times in order to accommodate our members and regular customers. A strict set of guidelines **MUST** be adhered to for all golfers playing in a fivesome;

- The main criteria with respect to fivesomes is to maintain our pace of play requirements
- All players must follow our Player's Assistants directions and respect that their decisions are final
- The golf shop will allow a maximum of one fivesome per two hours
- It is preferred that at least one golfer in any fivesome be a member of Shannon Lake GC
- All players in the fivesome must have a reputation of abiding by our pace of play guidelines (4 hours, 15 minutes)
- If a fivesome falls more than 1 hole out of position, they will be asked to separate and play in a twosome / threesome configuration in order to get back into position **AND / OR**
- The fivesome will be asked to skip the required number of holes it would take to get back into position
- ***The golf shop management team (Head Professional, Golf Shop Manager, Associate Professional) will have complete authority on authorizing or rejecting all fivesome requests***

Thank you for your understanding and cooperation,
The Golf Shop Management Team!
